

Attention Prepaid Punch Cards Customers

In an attempt to streamline our current accounting procedures Cool Clear Water will no longer be keeping track of water delivered and the PUNCHES owed to us. Prepaid Punch Cards are meant to save you money and helps us reduce time spent bookkeeping. Punch Cards must be presented at time of H2O delivery and/or pickup. Water delivered to clients with NO Punch Card present at time of receipt will be billed the regular delivered price. The safe keeping of Punch Cards is the responsibility of you the customer. PLEASE inform our office where you keep the Punch Card, if not on the empty bottle so our drivers can find it.

*Also a friendly reminder that Prepaid Punch Cards are to be paid for upon receipt or shortly there after (before your next delivery). If the purchase and payment of a Prepaid Punch Card is not convenient we will gladly charge to your account the regular delivered H2O price.

Thank you for your understanding in this matter.

Cathy Rosner
